GrowUp! Community Garden of Woonsocket

Volunteer Information & Planning Session

GrowUp! (Gardening Resources of Woonsocket Utilizing People) broke ground in May of 2009 as Woonsocket's First Community Garden. In order to create, sustain and empower a healthy community, the garden collaborates with the RI Food Bank to distribute produce from the garden to the city's nine food pantries. A portion of the garden is also available for youth and community members to nurture and grow. We need volunteers to join us for the 2010 season to help plan and execute the garden and are actively seeking donations from individuals and area businesses to help grow the garden! If you want to get more involved with your community this is a great place to start!
